Kolpa river Slovenia

## KOLPA-ADVENTURES

21. 06. 2017

Rafting with Kolpa Adventures is the best way to run away into the unknown and discover hidden sites of Kolpa River. For more than 20 years, our partner has been organizing sports and recreational activities, solely connected to water. Kolpa Adventures offers equipment and canoeing/rafting services for adrenaline seekers, regardless of the group size. In the past few years, their business has expanded, and besides wide range of watersports, they are also offering bike tours.
